PD Dr. **Karin Lange** is the Head of the Department of Medical Psychology at the Hannover Medical School, Germany.

From 1990 she is cooperating with the Diabetes Center for Children and Adolescents at the 'Kinderkrankenhaus auf der Bult Hannover', the largest paediatric diabetes center in Germany (Directors: Prof. P. Dr. Hürter until 2000, Prof. T. Dr. Danne since 2001).

Previously she was working as a psychologist at the WHO Collaborating Center for Diabetes in Düsseldorf (DDZ).

Presently she is the speaker of the board of 'Psycho-Diabetologist' (DDG), the second speaker of the board of 'Psychology and behavioural medicine' (DDG) and member of the board of 'Diabetes and Technology' in the German Diabetes Association.

Her research interests include psychological aspects of chronically illnesses with special emphasis on diabetes. She is one of the authors of the nationwide evaluated and certified diabetes-education programmes for children, adolescents and parents of these children.
