Dr Alexandra Sima is currently a Specialist Physician for Internal Medicine and Diabetes at the District Hospital in Timisoara, Romania. She works in the Diabetes Department. She is also assistant professor in the Department of Internal Medicine at the University of Medicine and Pharmacy "Victor Babes" Timisoara.

Her specialist interests include diabetes in both children and adults, and in particular Type 2 diabetes and Latent Autoimmune Diabetes in Adults.

Alexandra has written or has been a co-author for many papers and books in diabetes both nationally and internationally. She is a member of the Romanian Society for Diabetes, Nutrition and Metabolic Diseases and EASD.

She is married with no children and enjoys playing bridge in her spare time.
